Science

What is a habitat?

- There is **variation** in all living things.
- Animals and plants live in a variety of different places called **habitats**.
- Animals and plants have **adapted** to survive in different habitats
- Wild plants** such as ferns, daisies, nettles and dandelions grow randomly.
- Garden plants** such as roses, tulips, poppies, daffodils are planted intentionally.

Longitude study: Do seasons affect habitats?

Summer 2

Wednesday 5th June - Friday 26st July

- Did we have pirates on the Isle of Wight?
- How do we know about smugglers on the Isle of Wight?

DT

- I am going to plan, make, taste and evaluate a fruit kebab for a pirate party.

SCARF

Growing and changing.

- Getting help
- Becoming independent
- My body parts
- Taking care of self and others

Reading (5 mins daily), common exception word practise (5 mins daily) and regular number bond practise. After you have heard your child read, ask them about the characters, what type of book it is, what events took place, did they enjoy it, what part did they enjoy the most?

Our PE days are Tuesday and Wednesday.
