

Key Skills – Science**Pushes, Pulls and their effects**

I know that objects move in different ways; they roll, slide, bounce etc.

I understand that I can change the way an object moves by pushing or pulling it. Sometimes this speeds it up, sometimes it slows it down and sometimes it makes it change direction.

Bigger pushes and pulls have bigger effects.

**Overview**

Our main theme for this half term will be 'Journeys'. We will be looking at journeys through our rich texts in Literacy. We will also be looking at journeys taken by historic figures such as Sarah Forbes Bonetta.

DT

This half term we will be moving onto food technology. We will be looking at the healthy food plate, tasting different fruits and then designing and making our own smoothies.

Values

This term the following values will underpin our learning in school:

Happiness

Trust

Resilience

Title:
Journeys
Class: Shilling Class

Hook

The Journey, by Aaron Becker
A journey around our local area

Literacy

Our key texts will be 'The Journey' by Aaron Becker and 'The Way Back Home' by Oliver Jeffers

Key Skills – History

I can begin to understand why people acted in the way they did. I can appreciate the idea of significance, and how this might change over time.

Sarah Forbes Bonetta - we don't even know her real name - was an African princess, a slave in West Africa, a god-daughter of Queen Victoria, a wife, mother and missionary teacher. Does that make her a Significant Individual in Victorian times? And today? This unit explores her life and times to try to answer some of these questions

As a parent you can: Read to your child and encourage them to practise their number facts; read and spell their common exception words; and read with you at least 4 times a week. All of the resources you will need for this can be found on our class page on the school website.

Book change day: Monday

PE Days: Monday and Tuesday
